"Indications—From 25th October to November 24th, twenty-one cloudy or variable days, of which seventeen are of rain and—slight spats of snow—a dark, cool, gloomy month; a fair but not a high river; eight to nine clear days and fair. Chure Feast of All Saints.—Following closely upon All Hallow Eve very appropriately comes All Saints Day, which was ushered in by yesterday's sun. The day was set apart by the Roman Catholic. Church to commenorate the conversion in the seventh century of the Pantheon at Rome into a Christian place of worship, and its dedication by Pope Boniface IV to I the Virgin and all the martyrs. The festival has been retained by the Augbian Church. The celebration formerly took tplace on the first of May, but was subsequently changed to the first of November and designated the Feast of the Saints. Barrett, at the Opera House on Monday and Tuesday evenings next, promises to be the theatrical event of the season. Speaking of Mr. Barrett's appearance in New York recently in a new play, the Tribune says:

Only a few opportunities remain to those persons who are desirous of seeing the best new play that has been produced in this city for a long time, and, in Mr. Lawrence Barrett's Jamic Harebell, a remarkable true, tender and picturesque impersonation. The Man O' Airlie is full of suggestive pictures and gentle promptings, and to see Mr. Barrett's performance of the part, is to derive great pleasure and lasting benefit, from a very earnest and lovely work of art. Different minds will draw different inferences from this remarkable work. To us it is full of significance—as one of those golden voices that utter amid the din of this iron age the plea for simple goodness and lowly beauty.

A Fish Srony.—While one of our numer-ous fishing parties was out recently, one of the boys got out of bait. Noticing a large water snake about 150 yards away spring from a log and seize a minnow, he picked up his rifle and blew the snake's head off, got the minnow, put it on his hook and caught a nine pound pike with it. The hero of the story is our authority for this, "fish story." The improvements on 11th street, be-tween Main and Market streets, are pro-gressing finely. The work will soon be completed and it will certainly be a great headits the public benefit to the public. The model barge Tidal Wave was snagg-

They will make the trip on the steamer Andes, which will leave our wharf at 4 P. M., promptly. Mr. Lewis Keller received the sad news day before yesterday, of the death of his only brother, which occurred at Militons burg, Monroe county, Ohio. Mr. Keller has gone there to attend the funeral.

Mr. Thomas J. Mckee, of J. T. Hohman & Co's wholesale tobacco house, returned home last evening from an extended business tour along the B. & O. Bairoad. He reports a heavy snow on the mountains. THE Paxton Fountain was tested yester day afternoon, in the presence of a large crowd of spectators. Everything worked well, and the experiment was prenounced a perfect success. There is a great deal of complaint made by people residing in the "Orchard" in regard to men and boys running foot races in a state of mudity in that locality. The citizens claim that they have time and again called the attention of the police to this obvious violation of law and are answered, "The police have no jurisdiction for want of a prayer ordinance on the amines." again called the attention of the police to this obvious violation of law and are answered.

"The police have no jurisdiction for want of a proper ordinance on the subject." If the police will take the trouble to turn to page 12 of the Ordinance Book, they will find one covering this complaint, and if that is not strong enough they are referred to the Ohio Laws. There is no trouble in finding plenty of law regulating such nuisances. The fault is in the officers and not the law. Caleb Cushing, we believe it was, while residing in Washington City, was annoyed by the barking of a dog at four o'clock in the morning, and after entreating the owner to have it stopped, without effect, he found law declaring the dog a missance and had the barking suppressed. The rouble is, the officers don't want to act, and the facts are that our police force are more ornamental than useful.

The milk men held a caucus recently and decided that they must either raise the price of milk or the quantity of water used, but as some of the milk sold wouldn't even color any additional water, it was subsequently resolved that after to-day the price of that commodity should be 8 cents per quart instead of 5 cents, the price at which it was delivered during the summer months.

A MAGNIFICENT PLANO.—While at the music store of C. Y. Lucas, 1227 Market street, yesterday, our attention was called to a new and beautiful Upright Plano, made by Messras, J. & C. Fischer, New York. The style of case is called "Oriental" and is finished in pollished rosewood, and ornamented with gilt engravings on the front and sides, carved ornaments in front and richly carved consoles. The tone is rich and powerful, yet possessing a sweet singing, quality very difficult to secure. Mr. Lucas informs us that the Rev. J. G. CHILDREN DO NOT DIE of the croup to whom Dr. WM. HALL'S BALSAM FOR THE LUNGS, is administered. Parents will do well to remember this fact and keep a medicine, which saves so many lives, in the house ready for an emergency. The Balsam overcomes a tendency to consumption, strengthens weak and heals sore lungs, remedies painful and asthmatic breathing, banishes hourseness and cures all bronchial and tracheal inflammation. If you have a cough use it "early and often." All Druggists sell it. John L. Smith & Co., Wholesale Agents, Wheeling.

IF BALDNESS OR A DEFICIENCY OF HAIR exists, or if the bair is gray, dry or harsh, the natural youthful color can be restored by using "London Hair Color Restorer," the most delightful article ever introduced to the American people for increasing the growth, restoring its natural color, and at the same time a lovely hair dressing and beautifier. It is totally different from all others; not sticky or gummy, and free from all impure ingredients that render many other articles obnoxious; in fact it is exquisitely perfumed, and so cleanly and elegantly prepared as to make it a lasting hair dressing and toilet luxury.

J. A. TYMES, a PROMINENT CITIZEN OF Wilson, N. C., writes: Some ten years ago my wife's hair commenced falling out, and got very thin and turned gray; but after using

You cannot resist having sympathy for the sick and afflicted; at the same time you often feel that it was by neglect of the proper means within their reach that they were suffering. We have recommended Lawson's Curative frequently in cases of Diphtheria and Sore Throat, and have never had cause to regret it; and have never had cause to regret it; and have also seen the most wonderful results attend its use in cases of Rheumatism and Neuralgia. Take early steps on feeling the first symptoms of any disease to check it at once. The Curative is so excellent for a family medicine that we cannot too strongly counsel every head of a household to keep it on hand.
